

BISBEE GIRL SLAPS A COUNT

Affair Occurs in Paris—Returning She Wears a Coat of Many Colors That Causes Excitement.

New York, N. Y., March 8.—When Miss Florence E. Kenyon, of Bisbee, Ariz., tripped down the gangplank of

Miss Florence E. Kenyon and her coat of Many Colors.

the S. S. Barbarossa, of the North German Lloyd line, everybody stared. And Miss Kenyon smiled happily. It was her coat that attracted attention: a marvelous coat of many colors. All the hues of the rainbow were included in that garment that enveloped the graceful form of the attractive western girl, and each shade seemed striving for superiority.

Miss Florence then told of an incident that occurred in Paris the first time she wore the coat. A French dandy, "Zou," she called him, saw the coat, and the wearer. He made advances, told of his title and—slap! A red spot appeared on his sallow cheek, caused by a well directed blow from Miss Kenyon's dimpled fist. Miss Kenyon's coat created a sensation in a London theater, attracting more attention than the play itself.

TEXAS DRAWS HEAVY GREEK IMMIGRATION.

Sons of Greece Prosper in Lone Star State—Race May Again Climb Pinnacle of Power.

The report of our Federal Immigration department shows that 37,000 Greeks came to the United States last year to find homes and Texas is the state most favored by Greek immigration. The per cent of Greeks departing from the United States is less than that of any other nationality. Their occupations show that they do the chores of industry rather than manage its affairs or rule in the professions, yet notable exceptions encourage the hope that this fallen race may again climb to the pinnacle of power.

They are the descendants of men who spoke with the tongues of angels; whose nation lifted civilization to its most towering heights; and whose citizenship gave the world the most polished and powerful products of the human race. Cut loose from the source of their inspiration, they have lost their way in civilization and while we study with profound reverence the masterful works of their forefathers, the present generation blacks our shoes, sells us popcorn and runs our errands.

There is no better location on the globe for these people to regain their lost prestige than in Texas; we are fast being recognized as the nursery of art, science, literature and industry, and society is laden with healing balms that will revive stunned races and invigorate subdued mankind.

The history of the Greek race affords a most fertile field for the study of government, society and man. As a nation their statesmen struck the solid rock of wisdom and a stream of inspiration gushed forth filling the world with power, ambition and beauty. Watered by the fountains of government, society yielded its golden fruit and fired by an ambition to serve mankind its people made civilization quiver with poems, tremble with eloquence, charmed with art and mastered with philosophy.

This gem of nations when touched by the blight of dissension in government and folly in leadership withered and faded away. There is no greater force in human life than government and to wield its powers intelligently is the highest function of man.

Industry Better Than Luck

A Happy Hit May Make a Fortune, But Industry Is the Safest Road.

By Madison C. Peters

THERE are such things as "happy accidents." Mahomet, flying from his enemies was saved by a spider's web. Franklin always ascribed his turn of thought and conduct through life to the finding of a tattered copy of Cotton Mather's "Essays to Do Good."

Then, too, there are unhappy accidents. The Scottish hero, Bruce, after passing through a series of perils greater than any ever conceived by the most daring romance writer, died from a fall in helping a woman downstairs after dinner.

A village "sugget" chanced to visit the state apartments at the pavilion, when George IV was seized with a fit. He laid him, brought him back to consciousness, and by his genial humor made the king laugh. Taking a fancy to him, George made him his physician and made his fortune.

A Roman cardinal said: "There is nobody whom fortune does not visit once in his life; but when he finds he is not ready to receive her, she goes in the door and out through the window."

Opportunity Named Coy.

Opportunity is coy. She must be detected on the wing. Robert Burns wrote truthfully:

"To catch dame Fortune's golden smile Assiduous wait upon her."

Why does one man fail where another succeeds? One takes opportunity, which has hair in front, by the forelock, well knowing that, baid behind, once it turns its back he will never get a chance of gripping it again, while the other, waiting to hear a footfall from luck, lets opportunity pass the door, and thus many a man fritters away his time and his life.

The one has the alertness and enterprise to embark at the opportune moment and is carried swiftly to success, the other with equal facilities for reaching that desired haven, failed to embrace the opportunity and with arms akimbo set, waiting for occasion to tell him what to do, explains his past failures with the bogey "if"—if this or that had not happened he would now be rich instead of poor, he would now be carried on the crest wave of a popular enthusiasm instead of groaning in the dark alley of misfortune.

Belief in luck retards progress, dulls the intellect, deadens the wits, debases the body and keeps its votaries ever behind in the race of life. The man who believes that his luck is against him—good luck—has cast over himself an insidious spell, and soon he will feel that it is useless to knock at the treasure-room of fame and fortune, that a deaf ear will be turned to him, because he comes to believe that door to be open only to its favored children.

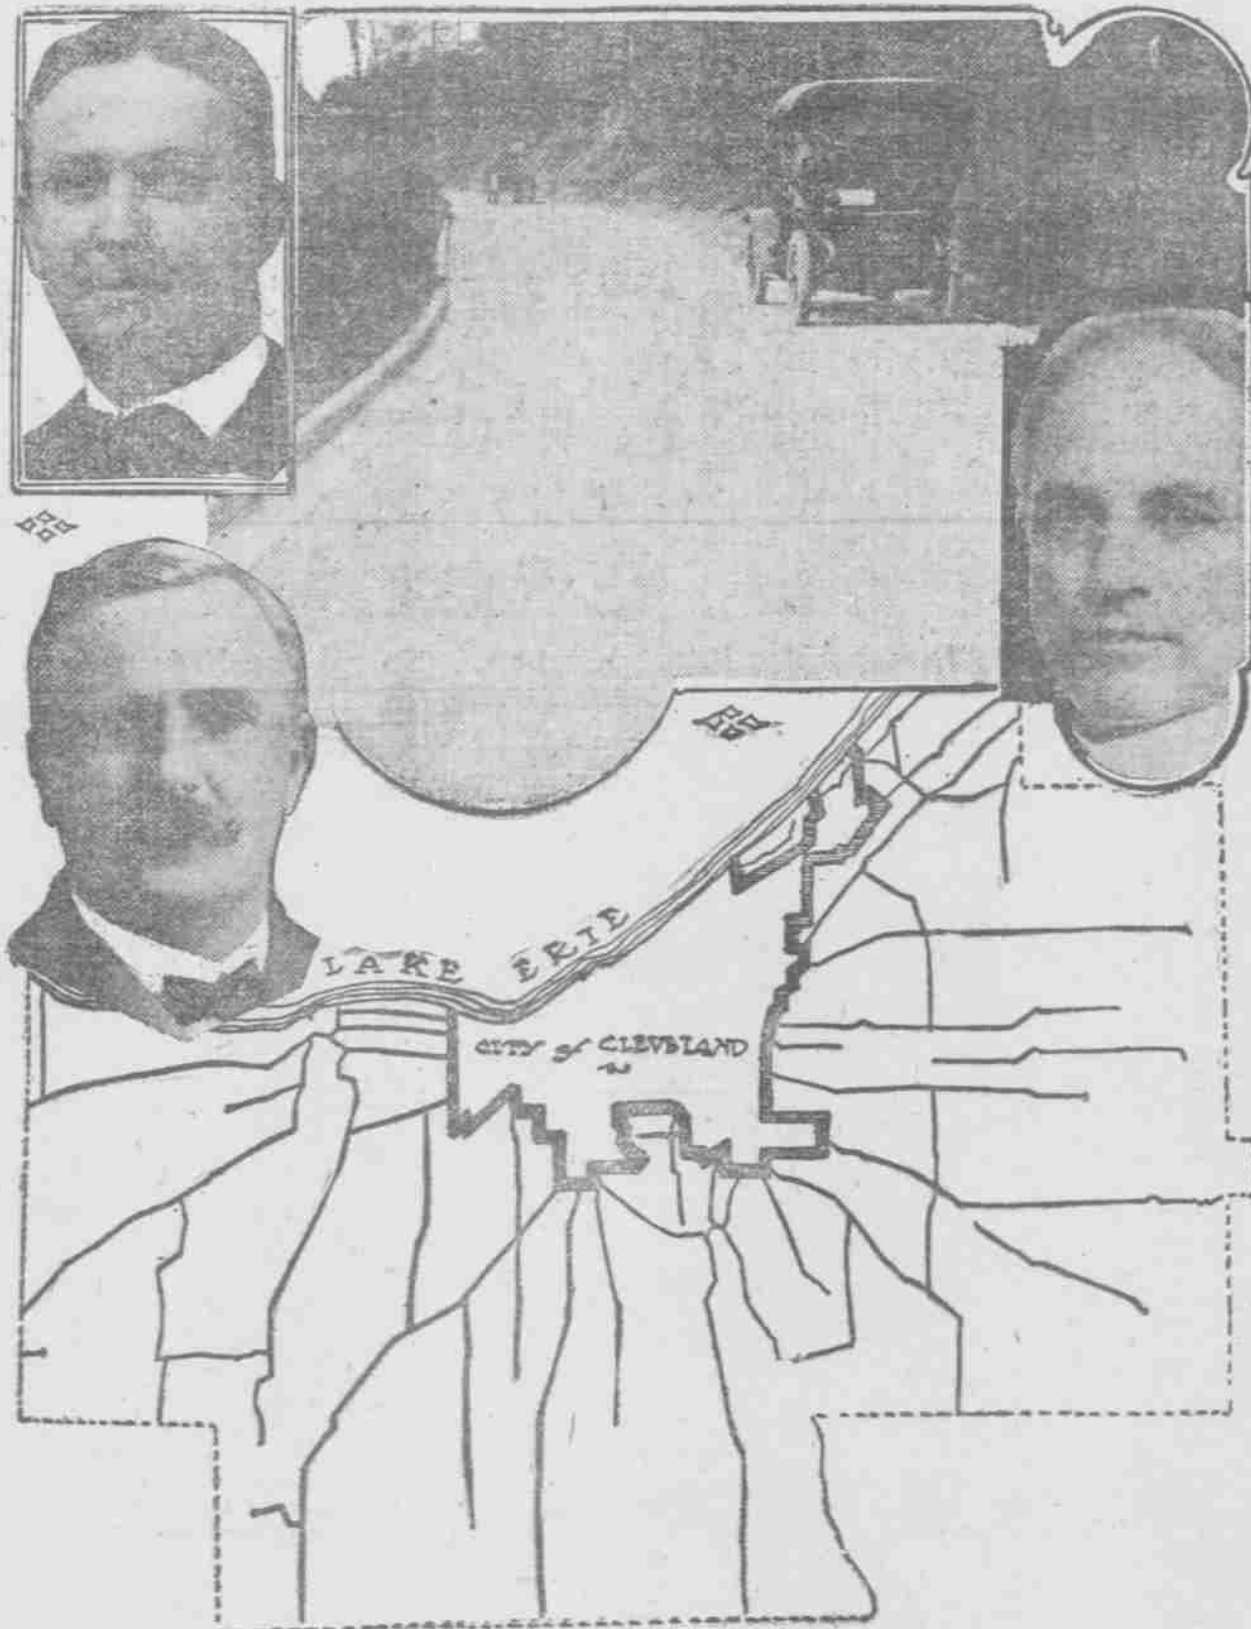

When Shrewd Men Fail.

I know full well that many shrewd men with indefatigable industry and closest economy fail, while many a man with apparently none of the winning forces blunders into profitable speculations and makes like turns everything he touches into gold; yet I fancy that these same men are only apparently lacking the qualities that insure success.

Young men are heard complaining that they are worthy of higher positions and long for better opportunities, they want to be given a lift, shot up in an elevator or carried up in an airship, so that they may avoid the arduous struggles of those who have been successful.

Many a man loses his opportunity by slighting his work. Don't worry about your salary, increase your skill. Strive

Commissioners Elrick, Vail and Fisher; the Kind of Road They Built. Map Shows Wonderful Network

Four hundred miles of rural brick highway have been laid in Cuyahoga county, surrounding Cleveland, Ohio, during the last ten years. Good roads have raised the valuation of rural real estate in the county from \$23,000,000 to \$101,000,000, and the taxes on the increased value much more than pay the costs of the roads. Contracts for 119 miles of brick road have been let for the coming year although city and county now have more than 1,000 miles of brick pavement.

to earn more than you are paid for.

Never despair! Don't whimper! Be up and doing! and luck, in the right sense of that much perverted word, will some day be yours.

A "happy hit" may sometimes be made

by a bold venture, but in the long run, the safest road to travel, is the highway of steady industry.

Never mourn over the past nor mope over the future.

Aching Kidneys Cured in El Paso

"Every Picture Tells a Story."

Are YOUR Kidneys Weak?

HOW TO TELL—First read the testimony and learn what Doan's Kidney Pills have done for others.

Then if your back aches, if sharp pains strike you when stooping or lifting; if you are lame in the morning, tire too easily; if you have dizzy spells and are nervous, despondent and inclined to worry over trifles; if the kidney secretions are highly colored and full of sediment, if passages are too frequent, scanty, painful or sealding, it is likely that your kidneys need quick attention.

Take a sample of the urine and let it stand for 24 hours. If a sandy, brick-dust like sediment settles to the bottom of the receptacle, there is evidence enough to suspect the kidneys.

El Paso People Tell It:

Smelter Street	Texas Street	N. Stanton Street
J. W. Weir, 34 Smelter St., El Paso, Texas, says: "I have had no occasion to use Doan's Kidney Pills or any other kidney remedy since I was cured some years ago. I know that my cure is a permanent one. I had trouble with my back for a long time and for two years I could not straighten or stoop without assistance. As long as I remained in an erect position I had no difficulty, but the least strain on the muscles of my back caused me to suffer severely. I tried remedies, but got no relief until I began taking Doan's Kidney Pills. They made a complete cure."	Mrs. C. B. Taylor, 2415 Texas St., El Paso, Texas, says: "You are at liberty" to continue using my previous endorsement of Doan's Kidney Pills. Whenever I have occasion to use a kidney medicine I have taken Doan's Kidney Pills with excellent results. I was in bad shape with rheumatic twinges, being unable to move. If I took cold I was sure to have a more severe attack. During the winter of 1916 I was hardly able to do anything and the first cold weather I contracted a cold. At that time I had the good fortune to hear of Doan's Kidney Pills, and their use restored me to good health. This remedy can be obtained at Kelly & Pollard's Drug Store."	John Carpenter, 501 N. Stanton St., El Paso, Texas, says: "You are at liberty to use my public endorsement of Doan's Kidney Pills as heretofore, as I consider them an excellent remedy for all symptoms of kidney complaint. I seldom have occasion to use Doan's Kidney Pills, as they cured me completely some years ago. I was subject to pains in my back, severe if I got up quickly after sitting. The secretions from my kidneys were too frequent at times and at others scanty. Doan's Kidney Pills proved so satisfactory that I have always kept them on hand since. I cannot say too much for them."
East Missouri Street	Magoffin Street	Grateful Testimony
Mrs. E. L. Nichols, 1209 E. Missouri St., El Paso, Texas, says: "I have had no occasion to use Doan's Kidney Pills or any other kidney remedy since I was cured by this remedy some time ago. You are at liberty to use my statement as heretofore. For a long time I was troubled with backache and I attribute it to disordered kidneys. I was rarely free from the annoyance, but I felt it more when I was on my feet. Now and then sharp twinges darted through me and I was bothered by headaches. Learning of Doan's Kidney Pills, I decided to try them, and they proved to be just what I required."	C. M. Wilson, 1323 Magoffin Ave., El Paso, Texas, says: "You are at liberty to continue using my endorsement of Doan's Kidney Pills as heretofore. Whenever I have occasion to take a kidney medicine I take Doan's Kidney Pills and the results are satisfactory. Doan's Kidney Pills were first recommended to me by a friend, and I found them to be just the remedy I needed. I suffered from pains in my back and other symptoms of kidney trouble. During any change in the weather or when I took cold my condition was always worse. Sharp twinges often darted through me. Sometimes I was confined to my bed for several days. Doan's Kidney Pills, obtained at Kelly & Pollard's Drug Store, brought prompt relief and I hold a high opinion of them."	Mrs. L. Griner, El Paso, Texas, says: "We use Doan's Kidney Pills in our family whenever we need a kidney medicine. It gives me the greatest pleasure to confirm the public statement I gave in their favor some years ago. I have induced many people to use this preparation and they have always come back to thank me for doing so. I consider it a duty to tell how good Doan's Kidney Pills had been after doctors had failed. One of our relatives was so that there was no hope for him, as he was a victim of kidney complaint. Doan's Kidney Pills, however, saved his life, and this person is now in good health."
